

KRITIKA SHARMA

UI/UX Designer

Visual Communication Designer

Phone- 9958703472 | **Email-** kritikas1504@gmail.com | **Portfolio-** [@kritikaportfolio](#)

Profile Summary

Communication Design student at NIFT Jodhpur, with a focus on UI/UX, branding, and visual storytelling. Skilled in translating research and insights into cohesive visual systems across digital and physical touchpoints. Interested in creating thoughtful, user-centered experiences through both interface and communication design. Actively seeking a summer internship (June–July 2026) in Visual Communication Design or UI/UX.

Education

National Institute of Fashion Technology, Jodhpur

Bachelor of Design - Fashion Communication (August 2023 - May 2027) (CGPA: 8.8)

Jayshree Periwal High School, Jaipur

Higher Secondary Education (2021-2022)

Venkateshwar International School, New Delhi

Secondary Education (2007- 2020)

Skills

Design Skills - Branding, Packaging Design, Layout & Composition, Typography, Visual Design, Concept Development, Color Theory, Creative Direction

UIUX Design - User Research, User Personas, Affinity Map, Empathy Map, Heuristic Evaluation, User Flow, Information Architecture, Wireframing, Interaction Design, Prototyping, Usability Testing

Design Tools - Figma, Adobe Illustrator, Adobe Photoshop, Adobe InDesign, Procreate
(AI Tools - Claude, Perplexity, ChatGPT, Gemini)

Courses and Certifications

- Start the UX Design Process: Empathize, Define & Ideate - **Google (Coursera)**
- Build Wireframes & Low Fidelity Prototypes – **Google (Coursera)**
- Conduct UX Research & Test Early Concepts - **Google (Coursera)**
- Create High Fidelity Designs & Prototypes in Figma - **Google (Coursera)**

Projects

VetiCare – Mobile App UI/UX Design and Prototyping

UI/UX Case Study | 2026

Tools: Figma, Adobe Illustrator, Procreate

- Conducted end to end UX research for VetiCare, a pet care management app designed to simplify pet health tracking and service access
- Designed the app logo and conducted research using surveys, affinity mapping, user personas, empathy mapping, journey mapping, and competitor analysis to identify user needs and pain points
- Defined problem statements, hypothesis, and value proposition, and developed information architecture, user flows, and mid-fidelity wireframes to structure a seamless user experience
- Designed a comprehensive design system including colors, typography, drop shadows, icons, buttons, grid system, and illustrations, ensuring consistent brand language and visual storytelling, followed by high-fidelity UI screens and interactive prototyping

Mama Made - Branding Case Study

Branding & Packaging Design | 2026

Tools: Adobe Illustrator, Procreate

- Defined project scope, design problem, and brand positioning to establish a modern, emotionally engaging bakery identity.
- Explored multiple logo directions and finalized a mascot led identity to build a warm and memorable brand presence.
- Developed a cohesive visual system including color palette, typography, logo variations, mascot, and supporting illustrations.
- Extended the identity across packaging, merchandise to ensure a consistent and practical brand experience.

Decathlon Retail Experience

Store Design, Visual Merchandising (VM) & Packaging Design

Tools: Adobe Illustrator, Figma, Procreate

- Conducted retail experience research for Decathlon, analyzing brand identity, store formats, and existing floor layouts to identify key usability and spatial design opportunities.
- Designed grid-based floor plans and isometric store layouts, optimizing customer flow, product zoning, and in store experiences including VR trial zones and interaction areas.
- Applied visual merchandising strategies such as strategic product placement, price based grouping, and eye level positioning to enhance product visibility and decision making.
- Developed packaging concepts and mockups aligned with brand language, contributing to a cohesive end to end brand experience.
